

Interview with a beacon ambassador-

Name: Hayley Langholz

Year group?: 10

Interests?: Textiles

Hobbies?: Netball

What is your favorite subject?:
Textiles

How far are you planning to go with your education?:

I would like to attend Newcastle University and study medicine.

What is your career path?:

I would like to be a doctor

What have you learnt the most from beacon?:

The importance of communication and working with others.

As a beacon ambassador what would you like to plan or do next?: To get more people involved in the Beacon Program.

Was my roads helpful to you when thinking about your future?

My roads was helpful as the mentor gave some good advice on communication skills and tips on how to be more confident in applying for jobs, however they did relate a lot of the content to their chosen career rather than saying how these skills can relate to the careers of our choice.

Would you recommend that all young adults should participate in this program?

I think young adults enrolled at this school should participate in the My Roads program as it can provide an insight into how professional businesses run and helps students have an idea of what the work force is like after high school.

What important advice did your mentor give you?

That you should choose a career that you are interested in and will enjoy, and that communication is extremely important in the work force.

The Breakfast club:

The breakfast club is a free program run on Monday by the beacon ambassadors which provides free cheese toasties and slices of apple to students before the first morning bell. Milo is also provided for the cost of a gold coin. It has been running since the beginning of Term 2 and begins at 8:00 in the morning. The breakfast club is quite popular as over 100 toasties are handed out every Monday morning to students.

Upcoming events:

Speed careering

Speed careering is a beacon ambassador run program. an opportunity for people from the workforce to come to high schools and educate students about their career and what is involved in order to pursue their study goals and achieve the career of their choosing. The event runs by the students choosing what career they would like to hear more about, then for 15 minutes the students go to their chosen mentor to listen about their pathway and then they rotate
